Please contact the distributor for inquiries concerning the stock of the shop tournament kit.

Tournament kits are packed with BCC exclusives that are sure to bring in repeat customers!

**POINT 2 Judge Support**

At Carddass Club-registered stores, official DBSCG judges can run tournaments and receive support.

※Judge support can be provided at the discretion of the store. Stores that wish to provide support can do so by registering on the "Support JUDGE" page in the Other section of the site.

**Tournament Registration Process**

Stores register as the support store → BANDAI uploads store info on BCC for Players → Judge directly contacts stores → Stores request tournament instead of Judge → BANDAI deliver tournament kits to store → Judge hold a casual tournament

Stores that can't easily run tournaments on their own can register to have judges run tournaments for them.

**POINT 3 BCC NEWS**

View and download BCC News, available exclusively to Carddass Club-approved stores.

**Exclusive news, with a focus on tournaments!**

**POINT 4 Store Promotion Support**

Stores can download promotional materials for use in stores via the Carddass Club website.

※Promotional data may be added or changed without prior notice.

These materials are exclusive to Carddass Club. Feel free to use them to spruce up your store displays.

And that's not all! BCC-exclusive tournament offers (including prizes!), presales, and pre-release tournaments are also planned.

The Dragon Ball Super Card Game went on sale in July, 2017, which means its first anniversary is almost here. Become a BCC member, and let's help make the game's first birthday extra exciting!

※Details intermittently announced on the BCC site.
