

# STORES

**will be released  
on May 27th!**

**Stores running Store Preliminary events  
should make sure to install the software  
by May 31st.**

In order to use TCG Meister, you will need the BCC IDs of all  
tournament participants.

Make sure that you register all BCC IDs correctly.

Any player who receives an invite to Regionals via Store Preliminary events will receive a title on the BCC App.

These titles will be reflected in the BCC App as soon as tournament results are sent by TCG Meister, so make sure to confirm with players to ensure the titles have been properly received.

**If an incorrect BCC ID is entered into TCG Meister, that player will  
not be able to receive titles on the BCC App.**

Take all necessary precautions to ensure BCC IDs are entered correctly.

TCG Meister software is provided free of charge. Any fees associated with data transfer are to be paid by the store.

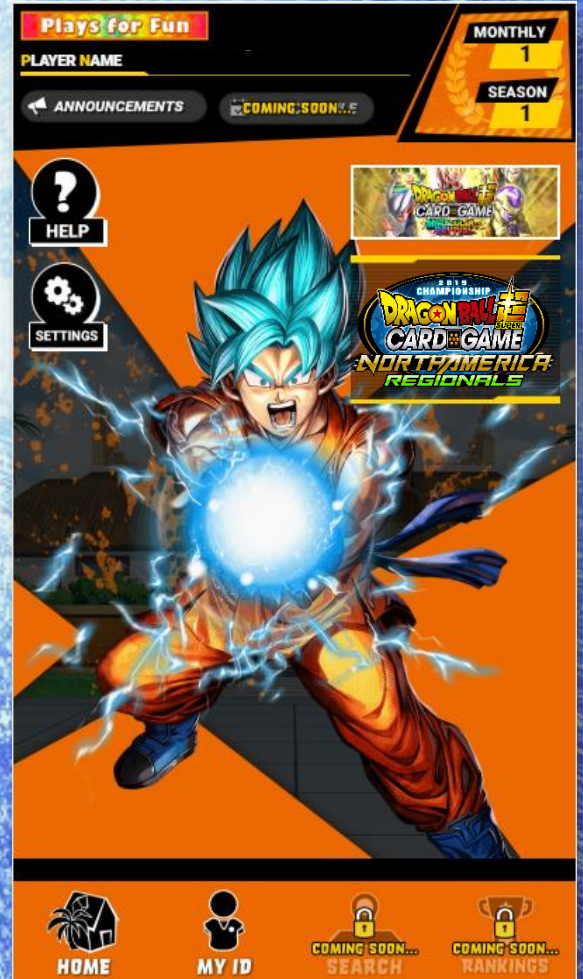

**For details, please check on  
Carddass Club.**

# PLAYERS

The BCC App is required to participate in Regionals, as Regionals Invites are displayed in the app and need to be presented when entering the venue.

\*Unfair acquisition and trading of Finals Invites is strictly prohibited. Any player engaging in these activities (whether giving or receiving) will lose their Finals Invite.
